

## ISIS - Feature #2406

Feature # 2262 (Closed): Add new isisminer application to system

### Add Resource class to Isis

2016-02-26 10:00 AM - Ian Humphrey

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b> Ian Humphrey	
<b>Category:</b> API	
<b>Target version:</b> 3.4.12 (FY16 R2 2016-03-17 Mar)	
<b>Impact:</b> There will be no impact on existing ISIS programs. Will be used to support isisminer data acquisition and processing.	<b>Software Version:</b>

#### Description

Adding the Resource class to Isis. This class is essentially a data container for PvlKeywords (key-value pairs) that provides easier access, management, and processing of acquired data.
