

ISIS - Documentation #2410

apollocal documentation misspelling of planetary

2016-03-03 11:17 AM - Kristin Berry

Status: Closed	
Priority: Normal	
Assignee: Curtis Rose	
Category: Applications	
Target version: 3.4.13 (FY16 R3 2016-08-31 Aug)	
Impact: Documentation change. No expected impact on ISIS functionality.	Software Version:

Description

The description of the apollo application at:

<https://isis.astrogeology.usgs.gov/Application/presentation/Tabbed/apollocal/apollocal.html>

is: "This program will perform radiometric corrections on apollo planetary images."

planetary should be changed to planetary.
