

ISIS - Feature #4085

merge WorkOrder class changes from IPCE to ISIS

2016-06-24 03:15 PM - Tyler Wilson

Status: Closed	
Priority: Normal	
Assignee: Tyler Wilson	
Category: API	
Target version: 3.4.12 (FY16 R2 2016-03-17 Mar)	
Impact:	Software Version:
Description	
<p>We need to determine all the changes that were made and the possible impact on ISIS. This description should be updated with a description of the changes and impacts before merging to ISIS.</p> <p>Currently reported changes are below. Were there any more that are undocumented?</p> <ul style="list-style-type: none">* @history 2014-07-14 Kimberly Oyama - Added support for correlation matrix.* @history 2015-06-12 Ken Edmundson - Added support for target body.* @history 2015-10-05 Jeffrey Covington - Added support for ProjectItem.* Added new methods to support the types used by ProjectItem. Marked old methods as deprecated.* @history 2016-01-04 Jeffrey Covington - Improved support for ProjectItem. <p>*/</p>
