

ISIS - Documentation #4191

Add Look Direction terms to the Glossary

2016-08-01 07:20 PM - Tammy Becker

Status: Resolved Priority: Normal Assignee: Curtis Rose Category: Applications Target version: FY17 Backlog Impact: No expected impact on current ISIS functionality.	Software Version:
Description Campt will now report the look direction unit vectors in Body Fixed, J2000, and Camera Coordinate Systems. These new terms should be added to the Glossary (accessible from campt user documentation): LookDirectionBodyFixed LookDirectionJ2000 LookDirectionCamera A brief description for a 'use-case' would be very helpful.	
Related issues: Related to ISIS - Feature #2403: look vector from the spacecraft computation Closed
